## S.C. EVANS IS WINNING IN SAN DIEGO COUNTY

Efforts to Whip Progressives Into Line  
For San Diego Democratic Candidate For Congress, Fail

SAN DIEGO, Sept. 21.—The stand-pat crowd of San Diego is having little success with its plan to whip the Progressives of this county into line for the Democratic candidate because he is a San Diegan. The Progressive Republican leaders all over the county are fighting openly for S. C. Evans, the Progressive Republican candidate. They say that the fight is one of principle and above petty community likes and dislikes.

"I would have liked to have had a San Diegan go to Congress from this district," said City Councilman P. E. Woods, "but Evans won over the San Diegan in a fair and open primary and now it is up to all Republicans to get behind him and carry the county for him."

As a result of this condition the rank and file of the ranchers and the working people of this county who make up the great Progressive majority of the vote, are flocking to the Evans standard and are openly working for him in defiance of the "big business" crowd. Every place that Evans goes to speak, the store-

keepers close their stores and the women leave their kitchens and turn out in force. In the little community of Lakeside the other night, seventy-five men and women who had stayed at home from the circus at San Diego turned out and gave Evans a royal welcome. He worked Friday in El Cajon Valley, and Friday night the whole town gathered in the town hall to hear him. He is stopped on the streets and the country roads by the working men and the ranchers who assure him of their support at the November election.

The citrus fruit growers of this part of the district look upon Evans as their only hope because the Democratic candidate, if elected, will be forced to abide by the ruling of the head of his ticket and vote for a tariff for revenue only. This, they say, would be disastrous to all ranchers in this part of the state.

Evans has programmed to speak in this county every night for the next week and the people of the different communities assure him that they will be out to hear and support him when he arrives in their towns.

# Buy "Standard Building" Stock Next Week at 30c Per Share. The Price Advances to 50c Oct. 1st. A wk. From Now. Doesn't a Clean Net Profit of 66 % Appeal to You?

Yes, Mr. Investor, a clear net 66 per cent profit in a week's time—that's what this opportunity means. Will you grasp it? You know who we are—you've heard of the "Standard"—the new Los Angeles building company that's scored such a success. Now then, Mr. Investor, here's your chance to join us—here's your chance to get your share of the big profits of the building business. Building them at wholesale—selling them at retail—that's where our profits come from. If there's a better paying business in the Southwest today we don't know about it. And the point's right here—the building business is a SAFE business. Your money goes into bricks, mortar, real estate,—sound security for which there's a constant demand. As long as the Southwest continues to grow just

so long will the "Standard" grow with it. Which gives us a mighty long lease of life, doesn't it?

We call ourselves the "building machine." That's just what we are—a high powered, 100 horse power, highly-efficient machine—our raw material is lumber,—finished product—houses,—net result, profits—heavy profits for "Standard" stockholders.

And here's a point we want to drive home—this is most emphatically a straight-forward, above-board partnership proposition. Not a dollar of promotion stock was ever issued—there are no high salaried figure-heads connected with this concern. Books, balance sheets, salary lists, statement of assets—everything is open to any stockholder at any time. A genuinely co-operative building company—that describes us. Note our two unique features—study them closely. 1. Any

stockholder may at any time apply his stock to the purchase of any of the company's real estate offered for sale. 2. Any home-buyer may at any time exchange his cash equity for fully paid up stock in the company. No chance of loss of equity if he can't meet his payments.

Right now is the time to join us, Mr. Investor. 66 per cent profit in a week and ownership of stock in a building company that's an established success. Buy next week at 30c. Terms of 10 per cent down and 5 per cent per month, if you want them. And don't forget—our par value is \$1.00. When we're paying 8 per cent on par, the man who bought at 30c will be getting over 26 per cent per year on his money. Come in Monday. See S. P. Pepin, Santa Ana representative, 315 North Main St., Santa Ana. Office of C. W. Sheats Realty Co.

### PRESBYTERIAN RALLY WEEK PROVED MOST SUCCESSFUL

Began With Spirited Services Sunday--  
Social Events and Special Meetings  
Filled the Week

The past week has been a busy one at the Presbyterian church. The program for Rally Week has been carried out in full.

The Ladies' Aid Society, with the pastor and his various assistants, planned the different features of Rally Week and all the members and friends of the church have seemed to enter into the spirit of it and no one seems to have failed in his duty.

Sunday morning at the Sunday school hour Rally Week was launched with an unusually large attendance, every one wearing a badge reading "Count on me," and the exercises were entered into heartily.

At the 11 o'clock service the church was filled with interested people. At 6:30 in the evening the Christian Endeavor Rally was held and all the Endeavorers were there and eagerly listened to the exposition of the topic by Mr. Paul C. Brown, state secretary of the C. E.

The young people felt this an opportunity to learn some of his methods of gaining real success in Christian Endeavor work. This meeting

was later merged into a short evangelistic service.

Monday night there were ninety-two persons present and sat down to the Christian Endeavor banquet, after which Ernest Phillips recited Kipling's "L'Envoi."

Herbert E. Rankin, county president of the Christian Endeavor, then made the address of the evening, speaking largely on the efficiency campaign.

On Tuesday night the reception to Rev. and Mrs. E. W. Blew was more than a success. First of all they were welcomed to Tustin not only by the members of the church, but also by a fine representation of all Tustin's good people. Then followed the program of the evening opened with a beautifully rendered classical piano solo by Miss Louise Long, who also accompanied Mr. Sharp in a vocal solo, and they certainly pleased the popular taste, as indicated by the applause. And so also the whistling of Miss Kenyon and piano solos by P. H. Ebel and Miss Margaret Tingley, contributed to a short but highly appreciated program. Dr. Stevenson of the First Presbyterian church of Santa Ana, was present and was asked to talk, though not on the program. In the doctor's happy style and usual ready wit he told them why he came and also reminded them of the success which might reasonably be expected to follow from their relations to the well equipped new pastor and his wife.

Dainty sandwiches and coffee were then served, followed by ice cream and cake.

Wednesday night the Women's Missionary Society had its rally. The attendance was very large. Mrs. David M. Thomas of Los Angeles, corresponding secretary of the Presbyterian, gave a very excellent address on the mission fields of South America, the Philippine Islands, Korea and

India, in which countries missionaries are supported by the Presbyterian. A number of the young ladies of the church gave a very interesting and delightful exercise entitled "Darkness and Light," which was greatly appreciated by all present.

Thursday night was the rally of the prayer meeting. The pastor had set a mark of attendance at fifty, and the mark was passed. Several times chairs were added to the seating capacity of the prayer meeting room. Mr. Blew spoke on the Study of the Bible, and Mrs. Blew sang a duet called "The Old Fireside," of which a mother's Bible was the subject.

On Friday night the Ladies' Aid Society rally was the crowning success of Rally Week. There were two hundred persons present. The musical and literary program was as follows:

Organ—Mrs. Samuel W. Nau.  
Vocal Solo—Mrs. Rice.  
Piano Solo—Miss Louise Long.  
Reading—Ernest Phillips.  
Whistling Solo—Miss Kenyon.  
Vocal—Mr. Sharp.  
Violin Solo—James Willis Rice.  
Vocal Solo—Mrs. Rice.

After the program refreshments were served.

This afternoon Rally Week was brought to a close with a cradle roll rally on the lawn at the manse. Of course the cradle roll members are not old enough to take part in the entertainment and so some older little girls and boys were invited to say little speeches and do some entertaining tricks.

Dainty little white baskets tied with pink for the boys and blue for the girls were filled with goodies for all the little ones and the mothers were served with the usual refreshments.

#### Wedding Anniversary

Mr. and Mrs. Geo. Prather, Mr. and Mrs. F. Indeisen and Mr. and Mrs. John Holt went to Anaheim Monday to attend the celebration of the fortieth wedding anniversary of Mr. and Mrs. Squier, formerly of Holt avenue, now living at Anaheim. The day was also Mr. Squier's birthday. On their way home they stopped at Orange to witness the closing of the contest between the ladies of the Orange and Anaheim Rebekah lodges in a competitive drill. In the contest Orange won the banner.

#### Literature Class

The Tustin Literature Class held its first meeting of the year last Tuesday afternoon with Mrs. Hubbard. There were twelve ladies present. A great deal of interest and enthusiasm was shown in taking up the work again. The study for this meeting was the September number of "Current Literature." Dainty refreshments were served by Miss Clara Macomber.

#### Pythian Sisters

The Pythian Sisters held their regular meeting at K. P. Hall last night. Mr. and Mrs. Hedges of Anaheim and Mr. and Mrs. Davidson of Centralia Temple, Salem, Ore., were present and addressed the ladies.

In the social hour there were many songs and games and the fun was prolonged on account of the fact that the chautauque who brought the guests went to the circus.

residence, corner Main and B streets, next Thursday, commencing at 9:30 a.m. Several state workers are expected to make addresses.

There will be a mothers' program conducted by Mrs. Utz in the forenoon. At noon a picnic dinner will be served.

There will be interesting speakers from abroad in the afternoon.

## NEXT WEEK TO MAKE UP ROLL

Commercial High School Students Should Appear For Enrollment

Students desiring the commercial course are requested to enroll at the office of the Commercial High School between the hours of 9 and 12 a. m., and 1:30 and 4 p. m., during the week beginning Monday, Sept. 23.

The popularity of the course of study of the Commercial High is steadily growing, as well as the opportunities for its competent students.

The following is a copy of a letter from the American Multigraph Co., of Los Angeles:

"Commercial High School,

"Dear Sir:—I want to thank you for the two operators you sent me, and only wish that you could have sent me two more—we could have given them positions immediately. We have had so many calls for operators lately that it has been impossible to fill the positions, and if you have any girls in the future that would like to learn, we can get them positions as easily as the fellows, and especially so if they can do a little stenography work and operate the typewriter.

I believe that we will be able to place all the operators you can teach this coming year, and trust that you will call upon us when in need of any assistance.

**The Men Who Succeed**  
as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

# THE AUTOMOBILE WAR OF 1913

## FIERCE FIGHT RAGING AMONG FORTY-HORSE POWER CARS

### 72 Rivals in It

We are nearing the climax in the fiercest fight that Motordom has ever known.

72 makers of cars around 40 horsepower are contending in a fierce struggle for supremacy.

The chief interest centers around six of these cars. For six leaders, backed by millions of money, are each seeking to dominate this great middle field.

The Michigan "40" is one of these six. The ablest engineers have spent four years to fit it for this fight. And it comes this year to claim first place in all this Forty class.

### Our Offer is This

We enter this fight this year with a value which no maker ever has matched.

You can easily prove this—in one hour's time. Just make fair comparisons.

We have spent four years in perfecting this car. Some of the ablest engineers have worked year after year on it.

### How the War Began

The trend of the times is toward luxurious Forties.

Owners of small cars come to want more power, more comfort, more room, more appearance. Owners of oversize cars come to want more economy.

So the demand for Forties, in recent years, has become overwhelming.

To meet that demand, 72 makers have taken up Forties. Hundreds of the ablest engineers have centered their genius in them.

Today the finest cars ever built in America belong to the Forty class.

### Big Saving to Buyers

So this war of the Forties means enormous savings to men who watch out and compare. Cars in no other class match the Forties in Value. All because there are 72 makers fiercely fighting for favor with 40-horsepower cars.

### Prices Cut in Two

One result has been to bring out in these cars all the best improvements of the past few years.

Another has been to develop comfort and luxury, beyond anything dreamed of a few years ago.

Another result shows in splendid equipment. Each maker has sought to outrival the others. Some cars at twice the price are not equipped like the modern Forties.

But the greatest result is the cutting of prices. Some makers' prices have been cut in two. Forties are selling, with splendid equipment, for what stripped Thirties used to cost.

The car which gives the greatest value is bound to win this contest. And every maker knows it.

In quality, equipment, comfort and luxury there are limits beyond which none can go. These limits are reached in the Michigan "40."

## A Message to Land Buyers FROM SUNNY STANISLAUS COUNTY

We want to tell you about the Saylor Colony, in the famous Turlock Irrigation District—"Where the Land Owns the Water."

The Saylor Colony consists of 1250 acres, and is a part of the well known Tomlinson Ranch. This land has been divided into 10 and 20 acre tracts, and is all under irrigation ditches. The water goes with the land.

Saylor Colony land is located on the main line of the Santa Fe—midway between the towns of Hughson and Denair, about two miles distant from each—four miles from Turlock, eleven miles from Modesto, and 119 miles from San Francisco.

The land is adapted for alfalfa, citrus and deciduous fruits. There is no better land in Stanislaus county—or in California. The climate is ideal, summer and winter.

Saylor Colony land appeals alike to home-seekers and investors. A large part of the tract has already been sold.

The man who buys and develops a 10 or 20 acre tract of Saylor Colony land will, in a few years, be independent. Bought as an investment, a steady increase in value can safely be counted on, even without development.

We want an opportunity to show you the Saylor Colony land—to personally explain the many advantages it has to offer. We own the land—and own it on a basis that enables us to name lower prices, and more favorable terms, than equally desirable lands are being sold for in the Turlock District.

If you will write us, we will send you an illustrated folder which contains detailed information about Saylor Colony lands. After reading this folder, if sufficiently interested, you can arrange to go with us

## MEXICAN CAUGHT WITH STOLEN TEAM

Anaheim Plain Dealer: Two Mexicans, giving the names of Francisco Garcia and G. Jacobo, are languishing in the county jail and will have to answer to a felony charge.

The Mexicans about 9 o'clock on Thursday morning boldly appropriated a team and wagon left standing by the owner, Wm. Yeager of Fullerton, near the Commercial hotel, and started west on Center street with the rig. The theft was reported to the officers shortly after its occurrence, with the result of the apprehension of the thieves by Officer Bowen near Loara school house. Learning of the approach of the officers, the Mexicans deserted the rig near the West Anaheim depot and making their getaway on foot the mob of the law gathered in. The Mexicans were returned

couple of months ago.

SHERMAN AND DUFFY

WHISKY

Dr. Arthur L. Brown is one of the

most enthusiastic Roosevelt men in

Riverside, and as a physician he es-

pecially appreciates the social ser-

vice and humanitarian features of the

Progressive platform. In discussing

the activity of the enemies of the pub-

lic weal in support of Taft and Sher-

man, he recalled the fact that Col-

lier's not long since exposed the con-

nection of Vice President Sherman

with Duffy's malt whiskey, and show-

ed up the fraudulent claims made for

this alleged medicine. He wrote Col-

lier for fuller information and has

received the following reply:

August 23, 1912.

Dear Sir: The only thing Collier's

ever printed about the question you

ask us is that when Dr. Wiley was

about to prosecute the Duffy's Malt

Whiskey concern for violations of the

pure food law, two New York state

congressmen interceded. One of them

was the late Congressman Perkins,

who was a partner of one of the own-

ers of Duffy's Malt Whiskey. The

other congressman who interceded to

save this concern from prosecution

was Vice President Mr. Sherman.

Cordially yours,

MARK SULLIVAN.

Dr. Brown says it is quite generally

understood that Sherman is financial-

ly interested in the Duffy concern,

and that this fact accounts for his

zeal in trying to prevent its prosecu-

tion. The enemies of pure food laws,

of trust control, of legislation in the

interest of labor and for the protec-

tion of women and children are pre-

sented a solid front in this campaign

against Roosevelt, and we may be

sure the Duffy whiskey crowd is

backing Taft and Sherman to a finish.

That sort of a line-up ought to con-

vince all thinking men and women

who have "the common good" at

heart that the place for them in this

campaign is under the Roosevelt ban-

ner.—Riverside Press.

## BREAD ENOUGH AND TO SPARE

Lesson XII, Mark 6:30-44

September 22.

Note. This miracle is recorded in all the gospels. It was of signal importance not as more wonderful than others, but as marking an epoch. For it they would by force have made Him King, He refused. They took Him (Jno. 6:66). Read John VI. 1. ACCOUNTING.

1. "Gathered together in Jesus." They that gather to Jesus shall be gathered by Jesus at "our gathering together unto Him." (11 Thes. 2:10; 1 Thes. 4:13-18.)

2. "Took Him all." (1) "That they had done," in His name in their mission (Mat. 10:1-15). Christ, God-sent, returned, saying, "I have finished the work Thou gavest me to do" (Jno. 17:4). Men, Christ-sent, must give like account to Him. (2) "What they taught." Christ said, "The words Thou gavest Me, I have given them" (Jno. 17:8). Men must account not alone how they wrought, but what they taught. Many are quite sound in practice who are mere sound in doctrine. Can we say, "The words that Thou gavest Me I have given them?" It is not enough to do the works He bade, we must teach the words He said. "By thy words shalt thou be justified, and by thy words shalt thou be condemned" (Mat. 12:37). Words not works save men (Rom. 4:2-3).

II. RESTING.

1. "Come rest awhile." (1) The workman worthy of his meat is worth of his rest (Mat. 10:10). "There remaineth therefore a rest to the people of God" (Hb. 4:9).

"Rest after weariness, sweet rest at last." Theirs was a sweet fellowship in His company as their prowess skimmed "blue Galilee," seeking the calm of the vales on "the other side." (2) But lasting rest is beyond another Jordan.

III. WORKING.

1. A needy crowd. (1) While the little ship leisurely made head across the sea, the multitude hastened by land and met her company as they emerged. This restless multitude weary, sick, hungry, are still with us. "This is not our rest" (Mic. 2:10). (2) Jesus "welcomed" (R. V.) them. They are all and always welcome, and well come, who come to Jesus. He is never weary while he can rest others.

2. Busy days. He healed and taught all that day and the next, and the next (Mat. 15:32) till "day began to wear away" (Lk. 9:12). There is sadness in the wearing away of days spent in such good work and good company, with such a good supper to follow.

IV. FEASTING.

1. A table in the wilderness (Psa. 83:19). (1) The people rained (Mat. 15:32). Their supplies were exhausted. Men should seek the unfailing Source and Supply. (2) Jesus pointed them. He feels for the faint and hungry (Hb. 4:15; Mat. 3:2). Our daily bread is a demonstration of His daily pity and providence. If anyone wants the fault is elsewhere, not with Him. (3) The disciples said, "Send them away." The disciple should "be as his Lord," but he is not so always. Thank the Lord that He is not as his disciples. He alled the hungry soul" (Psa. 107:9). (4) "Give ye them to eat." He knew their poverty, and what "He would do" (Jno. 6:6). But would "prove them" that they might prove Him. When their extremity appeared His oppor-

tunity came. They should recall the riches of His grace in many a future hour to thank Him in their abundance, and trust Him in their want.

(5) "Five loaves and two small fishes." The loaves were like biscuits, the fish like sardines. Just a small boy's lunch (Jno. 6:9). Christ can do great things with a bit of a boy, or a biscuit. Put our little selves and little all into His hands and leave the rest to Him.

(6) "By companies." (a) 'though the Lord can do anything, with anything, any way at any time, or place, He is provident, order loving, and studies the convenience of His servants and His people. He utilized the loaves and saved the fragments, seated the company that distribution might be made with ease, without omission, or confusion. We cannot imitate the miracle, but we can the rest. Though there were many companies all ate the same Christ-given food. Many denominations and churches may be for the more expeditious and thorough edification if only all eat "the same spiritual meat" (1 Cor. 10:3) which Christ gave at the first to His apostles. (7) "When He had taken the five loaves," for gifts come through His mediating grace. (8) He "looked up to heavens," for "every good gift is from above" and we own its source. The Rabbis said "He who gives not thanks to God is a robber."

"Back of the loaf is the snowy flour. Back of the flour is the mill; And back of the mill is the wheat and the shower."

And the sun and the Father's will." (8) "And He (the Lord of grace) gave," "to His disciples" (the stewards of grace, 1 Cor. 4:1); "and they" (the recipients of grace) "did all eat, and were filled," and had left over "seven baskets" full. Thus the pity of Jesus prompted, and His power accomplished the miracle. He is still all pity, and Almighty (Psa. 62:11, 12). He who formed all things can transform them: The process of multiplying wheat mediately is as miraculous as multiplying loaves immediately. The former is so common that men cease to wonder that it is so; the latter is so uncommon that they dare to wonder if it was so. It is as easy to explain the one miracle as the other. God wills and it is.

V. TESTING.

1. Of our people. (1) They took Him for the prophet like Moses who gave the manna (Deut. 18:18). (2) Would force Him to be King. The King came, and He who can should be King. (3) He refused, and they forsook Him (Jno. 6:66). The test showed that they sought Him for the loaves and fishes (Jno. 6:26). A full stomach and a starved soul satisfied their ideal of life. Plenty of the creature, empty of the Creator. But the kingdom of God is "righteousness, peace and joy in the Holy Ghost" (Rom. 14:17), not loaves and fishes no matter how many baskets of surplus there may be. Till men wish the Gift of God. They would have glory without grace, not knowing that grace is the glory of Glory, and Glory the grace of grace. The

Prodigal indeed returned because there was "bread enough and to spare," and he felt he could ask no more. But what he really wanted and got was his father's kiss.

2. Of the Lord. Satan plied his old temptation (Mat. 4:9), the Crown without the cross. Again he thrust it aside. Neither loaves nor thrones could satisfy Him, but the Father.

## Doings In Social and Club Circles

### FAREWELL DINNER PARTY

Misses Andrews and Smiley Guests of Honor With Miss McFadden as Hostess

Miss Wilma Andrews and Miss Catherine Smiley leave next Monday for Pomona College. A farewell dinner party in their honor was given last evening in the Dragon balcony by Miss Anna McFadden.

The color scheme was scarlet and green. African daisies and plumosus fern being used in profusion. Scarlet candle shades shed a rosy light. Scissors, pen, ink and clever fingers had transformed visiting cards into suit-cases, duly labeled with owners' names and destination. These were the place cards, the favors being also miniature suit-cases filled with nuts.

Mrs. Archie Smith charmingly performed the duties of chaperone, and besides herself and the hostess, the following young people surrounded the table:

Hostess, Miss Anna McFadden; Misses Wilma Andrews, Catherine Smiley, Isabel Smiley, Eva Tidball, Dorothy Dean, Elsie Clark; Messrs. Ralph Layton, Robert McGee, Paul Anderson, Carson Smith, John Ball, Donald Andrews, Martin Warren.

After dinner the merry party of young people went to the Robert McFadden home, where games and music and a general good time held sway until a late hour.

### Bless Go to Venice

Mr. and Mrs. W. C. Blee and daughter, Miss Edna, left today for Venice, where they will spend the coming year. Miss Edna is to teach in the Venice High School, being in charge of the English department. Mr. Blee sold his home on Cypress avenue and while this seems a permanent departure, the many friends of the Blee family will hope to see them back again. They have lived in this city fifteen years and Mr. Blee goes away pronouncing Santa Ana a fine place. He believes he never lived in a better place and intimates that they will probably some day return.

### Choral Society Next Tuesday

All choir singers, members of music clubs, glee club singers—all singers of Santa Ana and all others interested in the success of the new choral society—are especially requested to be present at the organization of the choral society which is now definitely set for Tuesday evening, October 1, at 8 o'clock, at the First Baptist church. Please be on time.

### Mrs. Vegely's Funeral

The funeral of Mrs. Etta Vegely has been delayed until Tuesday, September 24, at 2:30, from Smith's chapel. The delay is occasioned by waiting for relatives of the deceased lady.

### THE DYING GLORY OF THE MISSION OF SAN JUAN CAPISTRANO

Under the above alluring head in the current number of the West Coast Magazine appears a charmingly written article by Bonnie Glessner, on San Juan Capistrano Mission, one of the most beautiful of the mission ruins. Mrs. Glessner's story is effective. It brings before the mind's eye a vivid picture of the picturesque and decaying mission, which was one of the proudest in the days of the Padres, but now crumbling slowly to an inevitable end. The kindly hand of nature has softened the process of ruin, twining leafy tendrils over the splendid arches, throwing a mantle of flowers over the tumbling walls, and, indeed, touching with compassionate fingers almost every portion of the pathetic yet majestic reminder of a golden past. Mrs. Glessner graphically depicts all this, until those who have never gazed on the old ruin feel an irresistible desire to visit it, while for those familiar with it, the pictures she lines with her facile pencil bring the gray old mission immediately before them.

The sincerity of portraiture shown in the San Juan Capistrano mission idyll will be an immense factor for success, should Mrs. Glessner devote herself exclusively to literary work, as it is rumored she may do. She has an artist's perception and genuine skill of interpreting that which she sees. The Santa Ana people will be particularly interested in Mrs. Glessner's literary achievement, as she was admired here not only for her intellectual gifts but for her charm of manner and heart.

### Literary Meeting

Yesterday afternoon the ladies of the Methodist church, South, members of the Woman's Missionary Society, held a literary meeting in the parlors of the church. A scripture reading by Mrs. M. C. Martin opened the meeting, after which interesting talks were given along the line of the topic under discussion, "The Dependent and Delinquent Child."

### Dinner For Class

Members of the Baraca Class of the First Baptist Sunday school were guests last night at a pleasant three-course 7 o'clock dinner at which Mrs. O. S. Catland, their teacher, was hostess. The Catland home was the scene of a very delightful evening after the dinner had been enjoyed, games, music and conversation being the diversions that caused the hours to fairly fly.

Red geraniums with the green of their own foliage made a most cheery decoration for the house and tables.

### Chapter Meeting

Emma Sansom Chapter met with Mrs. Dr. Head on Thursday afternoon last, with a full attendance of members. Many friends of the chapter were present, which rendered the event very delightful.

After the affairs of the chapter were concluded, a social hour was enjoyed, during which delicious melons, iced tea and various fruits were served. The house was prettily decorated with lovely roses.

### FAMILY REUNION BY SEA

The Mitchell Family Journey to Beach Resort For Few Days' Merry Making

A jolly party composed of the Mitchell family of this city boarded the 10:50 beach car this morning on their way to Newport Beach where they will spend a few happy vacation days. Two of the family will view the great old ocean for the first time. And especially for their benefit as well as the pleasure of the entire party, many plans have been made to enjoy fishing, bathing and all the other delights of the seashore.

Those in the company are Mr. and Mrs. J. W. Mitchell, Mrs. William Mitchell, Mrs. Charles Mitchell and daughter, Veda; Mr. and Mrs. J. T. Mitchell, Ralph and Earl Mitchell, Mrs. L. E. Roberts and daughter, Ruth; Mrs. J. M. Thornton and Mitchell Brown. Charles Mitchell will join the party tonight and Will Mitchell will go down to Newport tomorrow.

Mrs. L. E. Roberts of Glenwood Springs, Colo., and Mrs. J. M. Thornton of Alta Vista, Ia., are daughters of J. T. Mitchell who are visiting here.

### Travelers Club

Travelers Club No. 1, will meet for the first time this season with Mrs. C. S. Kendall, 311 Cypress avenue, on Monday, Sept. 23.

### INVESTMENT COMPANY

AGENT IS A HUSTLER

S. D. Pepin, representative of the Standard Building & Investment Company, which has an office at 315 North Main street, is a good hustler, for he has been doing good work here raising money for his company. If the company has many men of his caliber, it must be doing a good business.

### A Cottage Moved

Wm. McKenzie, house-moving contractor, yesterday finished moving a 5-room cottage from 402 South Broadway for L. F. Thurston, to his nursery nine miles northeast of Santa Ana, on the old county park. A large gasoline engine was used to pull the cottage.

### PLANS ARE DROPPED

Orange News: Preparations for the holding of a poultry show in this city which were under consideration by local poultrymen have been temporarily abandoned. The show will probably not be attempted this fall.

The poultrymen were anxious to repeat the success of last season and as far as the exhibition was concerned, the show this year would probably have been far better than last year, but the expense of conducting it was too great to be met with the amount of backing that was promised. Consequently the plans were given up.

### STUDENT TOURED EUROPE ON SMALL PITTANCE OF \$83

NEW YORK, Sept. 21.—Doing Europe on less than \$83, is a feat that has just been accomplished by Morris A. Jagendorf, a Columbia University student, who returned to Columbia yesterday to begin the work of the new school year.

Jagendorf left New York early in June with a working capital of \$90. Unexpected expenses compelled him to draw on his reserve to the extent of \$7.50, so that his summer spent in England, France, Germany and Switzerland cost him a trifle under \$83.

After working his way across the Atlantic on an English passenger boat, Jagendorf went to London, staying there a few days before going on to France. He walked most of the way through France and Germany, and spent considerable time in Munich.

### MOTORCYCLE RECORDS SMASHED TODAY AT BRIGHTON BEACH

BRIGHTON BEACH, N. Y., Sept. 21.—All previous records were smashed at the end of the twelfth hour of the twenty-four-hour motorcycle race at the Motordrome today. The teams were so exhausted that the judges ordered a two-hours rest. Shields, Lockner, Chappee and Spender were tied at a distance of 787 miles. Cix, one of the contestants, fell from his wheel and was slightly hurt.

At the end of the fifteenth hour Lockner and Shields had covered 849 miles.

## LAXATIVE FOR OLD PEOPLE—"CASCARETS"

What Glasses Are to Weak Eyes—Cascarets Are to Weak Bowels

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

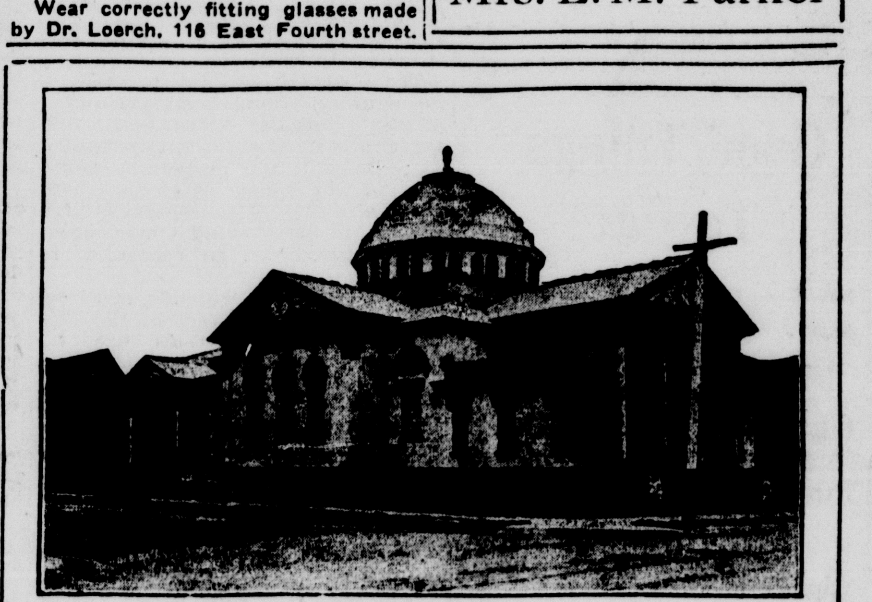

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box, or any drug store. They work while you sleep.

# STANDARD OIL CO. TO BE IN CONTEMPT SUIT

Government Believes Recent Dissolution Process Was Merely Sham

WASHINGTON, Sept. 21.—John D. Archbold and other officers of the Standard Oil corporation (the oil trust), for such it remains despite dissolution, according to certain officials of the Department of Justice, will be charged with contempt by the Department of Justice.

This action, it is said, will be taken in the near future and because officials of the Department of Justice believe that the Standard Oil Company, despite its dissolution to thirty-three different corporations, still is a monopoly and a combination in restraint of trade, in violation of the Sherman law and the mandate of the United States Supreme Court issued in the dissolution proceedings against the oil trust.

According to the informant the action against the trust officials will be taken soon after the election in November, because President Taft is opposed to bringing the action before the election.

**Disobeyed Injunction**  
The specific charge against the officials of the Standard Oil trust is that they have disobeyed the injunction put upon the officials by the supreme court by not actually dissolving the combination after the court had ordered it to dissolve.

# GREAT MOVING PICTURES TO BE SHOWN IN SANTA ANA

The Carnegie Alaska-Siberia Moving Pictures will be exhibited at the Grand Opera House, Saturday, Monday and Tuesday, beginning Sept. 21. Wonderful pictures of polar bears swimming under water and diving thirty feet beneath icebergs, lassoing a baby bear in the water and the furious fight made by the mother bear to rescue the cub from the rope with which it has been caught, pictures of the walrus in great droves, seals by the hundreds, giant moose and caribou in their native fastnesses, and many other remarkable and stirring scenes of wild life in the Far North. Capt. F. E. Kleinschmidt, the famous big game hunter and explorer, who photographed the scenes, spent most of his life among the igloos in the land of the Midnight Sun, and last summer headed the Carnegie Museum Alaska-Siberia expedition and was very successful in securing much valuable scientific data as well as specimens of new animal and plant life.

## KING WATER TO BE TOPIC OF CONGRESS

National Irrigation Congress to Meet in Salt Lake City on September Thirtieth

SALT LAKE CITY, Sept. 21.—The greatest and most important gathering ever brought together to celebrate the progress of irrigation will convene in this city on September 30, and continue for four days. Utah has sent out a broad invitation to this year's National Irrigation Congress. A series of most important subjects are scheduled for discussion. Besides the consideration of some very weighty and important questions on the subject of irrigation, a genuine "scrap" over the water rights of the Rio Grande will be waged by Colorado and Texas. Both of these states will be represented by large delegations and prominent orators and the interest as to the outcome is unusually keen.

The Congress will be opened on the morning of the thirteenth at the famous Mormon Tabernacle. Two pageants will also mark the opening day. One will take place in the morning and will depict the entrance into Salt Lake City of the Queen of Irrigation. In the evening a magnificent electric procession is scheduled to take place.

From every western state, and from most of the states east of the Mississippi, large delegations are expected. There have already been registered more than two thousand delegates. Water laws will be one of the most important subjects to be discussed, and many phases of these laws will be threshed out on the convention hall floor.

**Uncle Ezra Says**

Dr. H. E. W. Barnes has removed his office to 114 1/2 East Fourth street in the Geo. A. Edgar building. Sunset Phone, Main 1143. Home 661.

## POLICE HEAD LAUDS ATHENIAN OATH

Oakland Chief Would Have Aids Learn Civic Pledge of True Loyalty

OAKLAND, Sept. 21.—By order of Walter Peterson, the new chief of police, officers under him are busy learning by heart the Athenian oath. In assuming office, Chief Peterson said: "I wish to read to you the Athenian oath. I would suggest that each one of you learn it by heart; you will profit by it. It reads: "We will never bring disgrace to this, our city, by any act of dishonesty or cowardice, nor even desert, our suffering comrades in the ranks; we will fight for the ideal and sacred things of the city, both alone and with many; we will reverence and obey the city's laws and do our best to inculcate a like respect and reverence in those above us who are prone to set them at naught; we will strive unceasingly to quicken the public's sense of civic duty. Thus in all ways, we will transmit this city not less, but greater, better, and more beautiful than it was transmitted to us."

You've heard about the graft in other police departments. To a certain extent the people are judging you by the records of these corrupt departments. Disabuse them."

**LOS ANGELES PRODUCE MARKET**  
Tomatoes are very plentiful on the local market, and quoted at all kinds of prices. Some dealers asked as high as 30 cents, and others were glad to get 15 cents. These were the extreme limits, and the average selling rate was from 25 to 40 cents. At any rate, the market is a great deal easier on tomatoes than it was a week or so ago.

Sweet potatoes are down a little in price and are quoted at 2 to 2 1/2 cents a pound. The arrivals yesterday were 209 sacks. The vegetable has been coming in more freely of late. Owing to the hot weather casabas are also cheaper, the price being \$1.50 to \$1.75 a crate. Cantaloupes are not received in very large quantities. Large melons are quoted as high as \$2.25, while the small-sized ones are bringing about \$1.50 a crate.

The price on almonds is a little lower, and some of the nuts were offered at 15 cents. The quoted rate is 17 to 19 cents.

Twenty-five or thirty boxes of very fine pomegranates came in and are selling at \$1.25 a box. Peaches and grapes still continue to arrive in large quantities. The market is weak on the latter.

There were no changes in the staple market. Receipts of produce were: Eggs, eighty-six cases; butter, 28,456 pounds; cheese, 53 pounds; potatoes, 870 sacks; beans, 29 sacks, and apples, 18,185 boxes. Some Kansas-Nebraska eggs were offered at 25 1/2 cents, and a high 40 cents was asked for case-count ranch eggs. A quantity of twin cheese was offered at 20 cents, and

It is quite evident that galvanized corrugated Iron (and all flat sheets) will be considerably higher before this year is gone. There has already been several slight advances within the past thirty days, but we placed our orders early and the iron we have "to arrive" with a good stock on hand will hold this market steady for some time.

The general tendency is upward for all heavy goods in our lines and we have provided for the immediate future by placing our orders farther ahead than usual, by and by we will be compelled to pay the higher prices if our "guess" is correct.

Our stock of Plumbing goods is about complete and all our plumbing and tinware are

## Quick!

Just one more week for you to get one of those elegant lots at Laguna Beach before the price is raised. It is like this: Mr. Brooks, the sole owner of the whole plat of lots, now thinks he made the original prices too low. The lots have been selling most too fast. On October 1st he intends to raise the prices. The \$100 lots will then be \$200 and at least \$50 will be added to all others and much more to some. This will be a pretty stiff advance but he thinks the situation justifies it. One reason is that when the water system is installed and the streets graded, now contracted to be done before next summer, the lots will all readily sell at the increased prices.

But you have another week to select your lot, and if you buy now, you will get the benefit of this advance and not Mr. Brooks.

Remember the low prices and easy terms, One Dollar per month on each hundred, and seven year's time to pay if you want it.

Before another season this subdivision will be dotted over with new residences, as many of the purchasers are making arrangements to build.

These are not sand lots on low lying land, but up on the beautiful plateau on the best soil, near the ocean and in every way unsurpassed for desirable beach homes. Never again will you be able to buy such desirable beach property for such very reasonable prices and long time payments.

Come to our office, 504 North Main St., Santa Ana, and select a lot, or go with us to see the lots. Daily free trips to buyers. This is the last week.

## RED APPLES

Are more certain profit makers than even Valerian oranges. They are less expensive to plant and care for, and the land costs less than good orange land. They are easier marketed, and have a longer marketing season, and an almost unlimited market here in Southern California.

We have the place where the very best RED APPLES grow, where the climate cannot be beaten, even in this country of good climate, where pleasant breezes blow all summer, with an altitude of 2500 to 3000 feet above the sea. There is no excessive heat, bright, crisp and bracing air is the rule.

Offers the finest opportunities to be had anywhere. Land reasonable, water plenty and of the best quality, only nine miles from Redlands. No experiment for we now have plenty of both old and young orchards to demonstrate our claim.

We would like to talk this over with you, then show you the land. "Seeing is believing."

## NINETY DAYS IF THEY STAY

Eleven Circus Followers Are Taken in by Local Officers Yesterday

Eleven circus followers picked up by local officers yesterday were given ninety-day floaters this morning by Justice Cox, and promised to leave town as quickly as possible.

Local officers kept a close watch on the crowd at yesterday's circus. Chief Detective McCarthy of the circus and his men helped in gathering in circus followers who were not employed by the circus. Eleven men were taken in, and a hard-looking lot they are. C. Knutson and C. Davis were arrested as they were stealing walnuts from the ground in O. S. Lewis' orchard on East First street. Others arrested as vagrants are Henry Harris, George Murphy, Harry Bostock, Frank Evans, John Robinson, George Herbig, Fred Meyers, James Scott and Arthur Kelly.

For an insult  
Juan Rodriguez, a Talbert Mexican, was arrested last night by City Marshal Jernigan on a charge of disturbing the peace. The Mexican insulted a young woman near the corner of Third and Main streets.

### AD WOLGAST MUST FIGHT RITCHIE IN FUTURE, SAYS NOLAN

SAN FRANCISCO, Sept. 21.—"Whether my man meets Ad Wolgast in Taft, Cal., or later, I am going to get him into the ring with Ritchie, if I have to camp on his trail for the rest of my life."

This is the declaration of Billy Nolan, manager of Willie Ritchie, the San Francisco lightweight, in turning down an offer of \$3000 for Ritchie to meet Wolgast at Taft on Thanksgiving Day.

"Ritchie must have half as much as Wolgast gets," said Nolan, "or there will be no fight in Taft with Willie Ritchie as one of the principals. If Wolgast is given \$20,000, then Ritchie must get \$10,000. Ritchie can secure more than \$3000 for a fight back east."

"Wolgast may escape a beating by the Taft promoters not offering us more money at this time, but we will get him sooner or later, and when we do, Mr. Wolgast had better kiss his title good-bye before he enters the ring."

### INDICTED MEN IN DYNAMITE CASES NEAR TRIAL

INDIANAPOLIS, Sept. 21.—W. N. Harding, counsel for the 51 men indicted in connection with the dynamite plots of which the destruction of the Los Angeles Times building is said to have been a part, today announced that before the trials start on October 1, all the indicted men must be here.

Leo Rappaport, counsel for the International Union of Bridge and Structural Iron Workers, has been subpoenaed as a witness to testify regarding the books of J. J. McNamara.

### GIANTS BOUND TO WIN, SAYS MANAGER OF NEW YORK CLUB

NEW YORK, Sept. 21.—Nothing short of a miracle can stop the New York Giants from winning the National League pennant, according to Manager "Mugsy" McGraw.

As the race stands the Giants are nine full games ahead of the Chicago Cubs and both teams have sixteen more games to play. If the Giants were to win but four games from September 20th on, and lose twelve and if the Cubs were to lose four and win twelve, the Giants would still have the advantage of one full game at the end of the race.

## STALEY SAYS CROP SHORT

Placentia Walnut Grower Gives His Views on the Walnut Situation

FULLERTON, Sept. 21.—According to Arthur Staley, secretary of the Fullerton Walnut Growers' Association, the walnut crop of this section, on an average, will not be as heavy this season as it was last year. There is almost a full crop in the Placentia district, but the crop is said to be short in the section south of Fullerton, and in some other places.

Another reason why the crop will fall short of last year, according to report, is on account of some groves having been replaced by Valencia late orange trees as some growers hold that there is a better profit in the late orange, especially on the high-grade fruit that is produced in the rich Fullerton-Placentia districts.

It is reported there will be a short crop throughout Southern California. Mr. Staley says the growers of this state expect to receive between 13 cents and 14 cents per pound. This price gives the producers a good net income.

According to late news received here, the foreign crop will be very light this year.

The Fullerton Walnut Association and the Golden Belt Fruit Company will be the heaviest shippers of walnuts from this section this year, the same as in the past.

Only a few groves have been planted in the local district during the past year.

W. L. Benchley, who handles the output of the Golden Belt Fruit Company, said this morning that he believed the local crop will be as heavy as it was last year, and also states the crop handled through his house this season will show an increase. It is believed each of the local associations will handle about fifty carloads and that twenty-five cars will be marketed independent of the local associations.

It is reported that H. F. Dalrymple will also ship walnuts from Fullerton this season.

Fullerton News Notes  
The marriage of Raymond Fisher, a business man of Corona, and Miss Ida Kennedy of Anaheim, is announced. Mrs. Fisher is a sister of Mrs. R. T. Davies of Fullerton. A reception was given in honor of the bride and groom by their relatives the middle of this week. The contracting parties are well known in this part of the county.

Mayor Richman and City Attorney Marks have been named as delegates to the convention of the League of Municipalities, which meets at Berkeley this year. Fullerton is a member of the league.

The following deaths are announced: Clarence Chapman, aged 18 years, a resident of Fullerton. Funeral will be held at Hollywood tomorrow. John T. Cowling, aged 40 years, and a cousin of Mrs. Pilgrim of Placentia. Body will be shipped east for burial.

The city attorney of Fullerton has been instructed to draw up an ordinance providing that no alcoholic liquors shall be sold here except on prescription of physician or graduate nurse. It is said this is to strengthen

It was a 38-calibre revolver.

The weapon was found between where the body lay and the roadhouse where Barr had taken two men and women in his automobile Monday night. Bloodstains were found on the gun.

### FOURTH INDICTMENT IN "DYNAMITE PLANT" CASE

BOSTON, Sept. 21.—A new secret indictment was returned today by a special grand jury in connection with the accusation against big mill owners of "planting dynamite" to discredit the Lawrence textile strikers.
